

CABLE

LAN / Network

NCOCAT5E-xx

Description

NCO-Corp networking cable meets or exceeds all published standards for CAT-5E UTP, TIA-568 TSB. It is UL certified and 100% Quality inspected and comes in an easy dispenser box. The “extra” riser fire rating can be used in fire controlled environments.

Features and Benefits

- For Use in Gigabyte Ethernet, 10/100Mbps Ethernet, ATM 155Mbps, Telecommunications, Video, Audio, and HDTV over CAT5 Applications
- UL Rated and Approved
- Manufactured from all NEW materials for reliable performance
- UL CMR riser fire rated jacket material
- 350 Megahertz Verified Minimum Frequency Range
- 155 Mbps Verified Minimum Data Rate
- Capacitance 14pF/ft Maximum at 100Hz
- Resistance 27 Ohms per 1000 feet
- Velocity of Propagation 68%
- AWG24 Solid Bare Copper Conductor
- Riser Rated PVC Jacket (CMR Rating) available in 10 colors
(WH=white, BL=-blue, GY=gray, BK=black, GR=green, RD=red, VT=violet, OR=orange, BR=Brown, YW=yellow)
- ANSI / TIA / EIA 568 TSB/35 Category-5 CMR UTP
