

CNA-BTSC-8 BTSC Stereo Encoder

FEATURES

- BTSC Compliant Stereo Encoder**
- CATV - Private Cable - Satellite - Institutional**
- Simple line level solution**
- Design provides extraordinary compatibility**
- Very compact up to 8 encoders per 1U space**
- Does not require IF loop or 4.5MHz inputs**
- Digital system compatible**
- NTSC standard output**
- Easy to read LED indicators**
- UL approved power supply 110-220V**
- 1U High enclosure requires little rack space**
- Long / deep enclosure provides easy access from the rear**
- User upgradable from 1 to 8 encoders**

SPECIFICATIONS AND INFORMATION

Description	MIN	TYP	MAX	UNIT	NOTE
Audio					
○ Input Level @25KHz Deviation	0.5	--	--	Vp-p	Sin (1KHz)
○ Audio Response 40Hz to 15KHz	--	--	±1.5	dB	
Stereo					
○ Stereo Separation @ 2KHz Tone	--	20	--	dB	
Operating Temperature	0	--	50		
AC Power 110-220V 50-60Hz					
Dimensions (WxHxD) 19"x1.75"x10"
